

主旨：【重要通知】NSRRC - 判斷計畫核定多期或單期之方式說明

各位計畫主持人，您好！

2017-2 期計畫申請已開始，若有需 5 月~ 8 月之實驗時間，煩請於期限內 (2/2) 記得上網申請。

2017-1 期起計畫申請方式改變，若 2017-1 期已核定為多期的計畫，本期 (2017-2 期) 將分配其 beamtime 核定時段數，此計畫不需再提出申請。

請至新版用戶入口網站 <http://tpsportal.nsrcc.org.tw/Default.aspx> 右上角輸入帳號、密碼，至「Apply for Proposal」申請計畫，“Edit Your Proposal (2017-2)”中會顯示 2017-1 期所申請之計畫編號，其光束線編號「Beamline (Allocated)」後面有顯示“Approved”，此計畫於 2017-2 期不需再申請，若顯示“Disagreed”，本期 (2017-2 期) 需此光束線，則請申請“新計畫”，請卓參下圖。

Title: 【Important Notice】NSRRC – Information on how to check your proposal status

Dear P.I.,

Proposal application for 2017-2 cycle has started, if you need experimental time between May to August, please remember to make online application before Feb. 2nd, 2017.

The application rule has changed since 2017-1 cycle. If the proposal has been approved as multi-period period proposal in previous cycle, we will assign beamtime in 2017-2 cycle accordingly. P.I. is not required to make online application for this proposal again.

To check your proposal status, please go to NEW User Portal <http://tpsportal.nsrc.org.tw/Default.aspx> and enter account and password at the right-upper corner. After clicking “Apply for Proposal” and “Edit Your Proposal (2017-2)”, the 2017-1 proposal number will be displayed. You should find “Approved” or “Disagreed” being shown after the “Beamline (Allocated)” column. Please see the example below.

If “Approved” is shown, then the proposal is approved as multi-period proposal and P.I. is not required to make online application in 2017-2 cycle; if “Disagreed” is shown, then the proposal is not approved as multi-period proposal, however, if beamtime for this beamline is required, please submit a new proposal for 2017-2 cycle.
